The Faculty Council met to discuss a case of an alleged violation of P&P No. 803.09 submitted by a faculty member. At the beginning, the council discussed its responsibilities regarding the case and agreed that it was within its purview based on procedural dispute.

- The council discussed one issue regarding the procedure used, and sought additional information, as needed, to clarify the issue.

After discussion, the council felt that the procedure used is a valid interpretation of the P&Ps in this case. The Faculty Council, therefore, recommended to the president that no further action be taken.

The meeting was adjourned.
